

SPACECRAFT ORNAMENT SEWING GUIDE

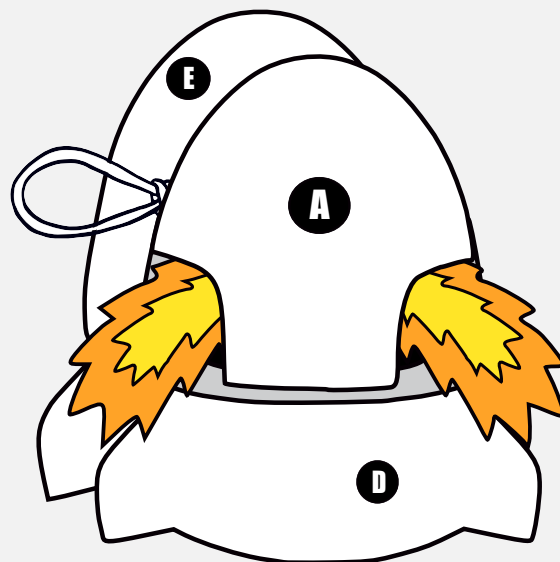

Blanket stitch piece **C** to **D**, using piece **E** as a guide for placement of the pieces.

Blanket stitch **B** to **C**.

Hot glue piece **G** to **F**.
Glue assembled exhaust pieces **G** + **F** (X2) to **B**.

Back stitch bottom of **A** to **C**.

To hang the ornament, tie a piece of string into a knot and place it between the assembled front pieces and back piece **E** before blanket stitching the final pieces together.

Leave a small gap at the bottom for stuffing before completing the blanket stitches around your assembled spacecraft.
